Thank you for your interest in our hospital! The following is a generalized treatment plan for the canine spay procedure for puppies weighing between 50-100 pounds and under one year of age. **If your dog is over one year of age and/or is over 100 pounds, please call for pricing.**

Pre-surgical exam: \$40.00 (This is required if Dr. White has not previously seen your pet.)

Procedure includes:

- Preanesthetic bloodwork
- Anesthesia with assisted patient monitoring
- Spay
- Microchip Implantation
- Pain Medications

Estimated Total: \$40.00 examination (if required) + \$346.50

Please Note: All patients must be current on the Distemper/Parvo vaccine, Infectious Tracheobronchitis vaccine, Fecal ova and parasite exam, and Rabies vaccine in order to be admitted into the hospital.

Rabies vaccine: \$26.50

Distemper/Parvo vaccine: \$27.00

Fecal ova and parasite exam: \$27.75

Infectious Tracheobronchitis vaccine: \$23.00

Other recommended services:

Leptospirosis vaccine: \$28.00

Heartworm/Lyme/Ehrlichia test: \$45.00

In addition, we do provide a wide variety of heartworm preventative and flea control products. We recommend heartworm and flea preventative be given each month to all dogs and cats in the Charlotte area regardless of lifestyle.

Thank you for contacting us! If you have any questions, please do not hesitate to give us a call.

Prices are valid until December 2011.
